

Allegro **SUMMER**

We are offering the following classes for July and August:

MUSIC FUN

Are you tired of playing the repertoire chosen by the teacher? We are offering this program for kids that would like to play the songs they love to hear. Disney songs, movie soundtracks, video game music... We'll spend the first lesson choosing the repertoire they have always wanted to play and have fun all summer!

MUSIC THEORY

Music theory is part of every musician's journey. Take the summer to focus on improving your music theory and ear training skills to become a better musician. You can also combine this program with any other programs offered this summer.
